Gov Sandoval Anaconda Copper Mine NPL 020816.pdf

Angeles,

Here is the e-mail I sent out Tuesday morning after I heard from Leo late Monday evening that a date of March 4th had been agreed to by Jared and Leo.

Greg

Subject: FW: Letter to Governor Sandoval regarding Anaconda Copper Mine

All,

Please find attached a Feb 8 letter from EPA.

As you can see, Mr. Blumenfeld would like to meet with local agricultural representatives in early March. He has proposed a date of **Friday, March 4** to Leo to come to Yerington.

Please let me know your collective availability that day and where you suggest we hold the meeting in Yerington. Leo and NDEP would plan to attend.

We see this as a good opportunity to review specific concerns and requests. EPA understands the

general position of the local business and governmental community on NPL, but we believe it would be most beneficial for them to hear firsthand from you on the specific impacts of listing, examples of real world concerns about EPA management, and any practical suggestions (e.g. more rapid coordination and response on clarifying information in the media).

In regard to the new 2 month deadline in EPA's letter, at this time the State plans to stick with our original 3 month timeframe.

Greg
